Dear Mr. Hedberg:

The Dixie Resource Area has recently received the enclosed Notice of Intent for a small mining operation. Mr. Eugene Hodges is proposing to go into an existing, unauthorized sandstone quarry and extract rock. The Dixie Resource Area has assigned this case number UTU-71139. We will need any comments by March 4, 1993.

If you have any questions or comments concerning this operation, please contact Larry Gore at this office.

Sincerely,

Debbie J. Pietrzak
Area Manager

Notice to Operators

1. A notice submitted in relation to the 43 CFR 3809 regulations does not require approval from the BLM. Notification however, is required at least 15 calendar days before commencing operations.
2. When necessary reclamation of the disturbed area has been completed, the Authorized Officer of the BLM shall be notified so that an inspection of the area can be made. The case file will not be closed until the area is inspected and reclamation approved.
3. Generally, information that could be considered proprietary or confidential is not necessary to fulfill Notice of Intent requirements. However, information and data submitted and specifically identified by the operator as containing trade secrets or confidential or privileged commercial or financial information should be cited in the text of the notice. This information will not be available for public inspection.
4. Failure of an operator to file a Notice of Intent, as required by the 43 CFR 3809 regulations, will subject the operator to being served a Notice of Noncompliance or enjoined from the continuation of such operations by a court order until such time as a notice is filed with the BLM.
5. Completed Notices should be sent to:
